Please note that some models may not be present in 106 at all times as they may be required for practical classes running that day. They will be returned to 106 when the practical has finished.

Hours of use for resource areas

You may use the resources in the Anatomy resource room (HS2 106) for private study between 8.00 am and 4.30 pm on weekdays when the room is not being used for teaching. A HBS staff member will check that the room is empty at 4:30 and if students are still working will ask you to leave. A timetable showing the scheduled use of the room will be found on the door to the room and on the LMS. You cannot pre-book 106.

The audiovisual section of the library is available for longer hours including weekends – see library website for opening hours.

Access to HS2 106

To gain access to HS2 106, you must follow the procedures and accept the responsibilities outlined.

A. Procedures for gaining access to Anatomy Resource Room (HS2 106) for private study.
   i) Check that the room is free of scheduled teaching.
   ii) Entry is via swipe card access for any student currently enrolled in an anatomy subject in the School of Human Biosciences. If you are unable to gain access with your student card please contact Paul Moon (HS2 321, 9479 5816 or p.moon@latrobe.edu.au).

B. Responsibilities of a student using the Anatomy Resource Room (HS2 106)
   While in HS2 106 the student:
   i) must ensure that the door is not left propped open at any time.
   ii) is responsible for the security of the relevant room and the books, models, specimens and skeletal materials and computers held there.
   iii) must leave the room tidy after use.
   iv) must report any missing or damaged items to an anatomy staff member or a member of the Human Biosciences technical staff so that a search or repairs can be initiated.
   v) MUST ENSURE THAT NO FOOD IS CONSUMED IN HS2 106 AT ANY TIME.

Security in HS2 106

i) THERE IS 24 HR VIDEO SURVEILLANCE IN HS2 106
ii) STUDENTS MAY NOT BORROW OR REMOVE ITEMS FROM HS2 106.

For any further information on the anatomy resource area or its use, contact the Anatomy Staff in the School of Human Biosciences (see contact details in the front of your student manual).

CLOSURE OF THE RESOURCE ROOM (HS2106)

If at any stage the room is found to be excessively messy, models are being used inappropriately and damaged, or resources go missing from this room, access will be denied to all students for a period of time.

Sherrie Wentworth
Anatomy Discipline Coordinator
Department Human Biosciences
